

2023 IA National Gathering Registration Discounts

The Imagining America consortium (IA) brings together scholars, artists, designer, and organizers to imagine, study, and enact a more just and liberatory 'America' and world. IA's 2023 National Gathering "Radical Reckoning: Invoking the Elements for Collective Change," will be held October 20-22 in Providence, RI. [Registration is now open!](#)

We offer several registration discount options available to IA members and non-members:

IA Member Discount and One Free Registration

As a benefit of IA membership, each member institution is entitled to discounted registration rates, as well as one free registration. The decision about how to use this one free registration is left to the discretion of the member campus liaisons who receive the promo code. You can find a list of all IA member institutions [here](#). If you do not know your campus liaisons, please email gathering@imaginingamerica.org.

Early Bird Discount

Early bird registration offers a discount for individuals who register by August 15. This discount is valid for the registration levels: IA member, non-member, sustainer, and advocate. The friend and student registration levels remain the same even when the early bird discount ends.

Team Discount – Buy 4, Get 1 Free

Team discounts encourage the participation of institutional and campus-community teams. Teams receive one free registration for every four individuals registered from the same institution (or from collaborating partner organizations). This discount is valid for both member and non-member institutions. To receive the fifth free registration (applied to the lowest rate), please [follow the directions here](#).

If you have any additional questions regarding registration for the 2023 National Gathering or IA membership, please contact us at gathering@imaginingamerica.org or 530-297-4640.
